

# Rrezon Curraj

Software Engineer

## ABOUT ME

I'm a Software Developer passionate about building scalable, user-focused digital products. I combine clean front-end design with reliable back-end logic, focusing on efficient architecture, automation, and intuitive user experiences. I enjoy solving real-world problems with code especially through data-driven features and intelligent interfaces. I'm seeking to join an innovative development team where I can grow and contribute my technical and creative skills.
